

DUNGEONS & DRAGONS GROUP

DESIGNED FOR TEENS AGED 13 TO 17 YEARS ON THE AUTISM SPECTRUM

What is Dungeons & Dragons?

Dungeons & Dragons is the world's most popular tabletop roleplaying game. It is a cooperative, storytelling game where you and other players take on the roles of different characters within a story. As you play, your character will make friends and enemies, fight monsters, discover loot, and complete quests!

This is a **revolutionary** new social group by Gold Foundation offering a unique gaming experience and social interaction for young people on the Autism Spectrum.

Our Dungeon Master will take all players on a quest through the unknown as each player has their own unique role in the game!
